TAKING DESPERATE CHANCES.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds, can be had for a trifle? For sale by all druggists.

BEST COUGH MEDICINE FOR CHILDREN.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. Nervous Prostration—Faint Spells.

Dr. Miles' Nervine Saved My Life.

There is great danger in a run down condition. Overwork, mental strain, the cares and worries of business and the home, all have a deleterious effect upon the nerves, which in their devitalized condition readily fall prey to the attacks of disease. Aside from the danger there is no condition attended by so many disagreeable symptoms; such as loss of appetite, indigestion or nervous dyspepsia, headache, tired feeling and loss of ambition together with the agony of sleepless nights spent in tossing restlessly about, only to rise exhausted in the morning. Dr. Miles' Nervine is a true nerve tonic which, by strengthening the nerves, restores health and appetite and brings sweet sleep.

"For six years I suffered almost constantly from a complication of troubles which culminated in complete nervous prostration. I had no appetite, I could not sleep, I suffered from indigestion and nervousness. As is so often the case in nervous prostration I frequently had weak, fainting spells. Doctors did not help me. They said my blood was very poor, and I knew my face was always very pale. The very first bottle of Dr. Miles' Nervine I took gave me noticeable relief and I felt stronger than I had in years. My neighbors in Puyallup, Wash., where I then lived testified to this. I also used some of Dr. Miles' Restorative Tonic and Anti-Pain Pills. I believe the Dr. Miles Remedies saved my life."—Mrs. J. C. BARNETT, Tucker, Utah.

Sunday school was rather a slim

"To say a pleasant word to anyone was almost impossible."

"I was troubled with female weakness for eight years, and suffered more than I can tell," writes Mrs. Gust. Moser, of Ovando, Deer Lodge Co., Mont. "My disposition was affected to such an extent that to say a pleasant word to anyone was almost impossible."

"I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also followed the advice given in the Common Sense Medical Adviser."

"I continued this treatment for three months, and to-day am as healthy and well as a woman can be. I cannot thank Doctor Pierce enough for his kind letters to me."

Womanly diseases, as a rule, spoil the "disposition," because of the extreme nervousness and suffering they cause. Happiness as well as health is restored to the woman whose diseased condition is cured by the use of Dr. Pierce's Favorite Prescription.

After eight years of suffering and two fruitless operations, three months' use of "Favorite Prescription" restored Mrs. Moser to perfect health. This great remedy for woman's ills, establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.
